

Weddings at The Settlers Inn

A wedding reception at The Settlers Inn is a carefully crafted experience. Our dedicated staff will assist you with arrangements for florists, musicians, ceremonies, photographers, etc. to best suit your needs. You will find the Inn's twenty-nine year tradition of fine service and attention to detail throughout from the gardens to the arts & crafts style interiors to the creative menus and presentation.

The Undercroft unites artistry, simplicity and nature in an environment which accommodates your personal style and needs. A fireplace beautifully set with willow tree tiles is one of the fine craftsman touches throughout the room. Windows and glass paned doors along the outside wall bring in the natural light and a sense of space. A stone entryway leads to the garden for outside entertaining. Cherry woodwork, art glass, arroyo wall sconces...all act to provide a warm, serene and comfortable environment for your reception. The simplicity of the Undercroft acts as a vintage picture frame in which your choice of flowers, favors, and other personal touches create the landscape painting.

The cornerstone of the Inn is our rich regional cuisine. Each menu highlights our efforts to feature products of local organic farmers and producers to ensure the freshest ingredients. Our wine program, awarded Wine Spectator's Award of Excellence, is also an integral part of the dining experience and our sommelier is available to assist in pairing wines specific to your taste and menu.

The Inn offers lodging in twenty-one guest rooms, all with private bath, air conditioning and modern amenities individually appointed in the craftsman style. Many feature fireplaces and whirlpool tubs.

Our goal is for your wedding reception to surpass your expectations.
